

# MetroLite

Maintain the compact size of a van  
while gaining the safety and capacity of a bus

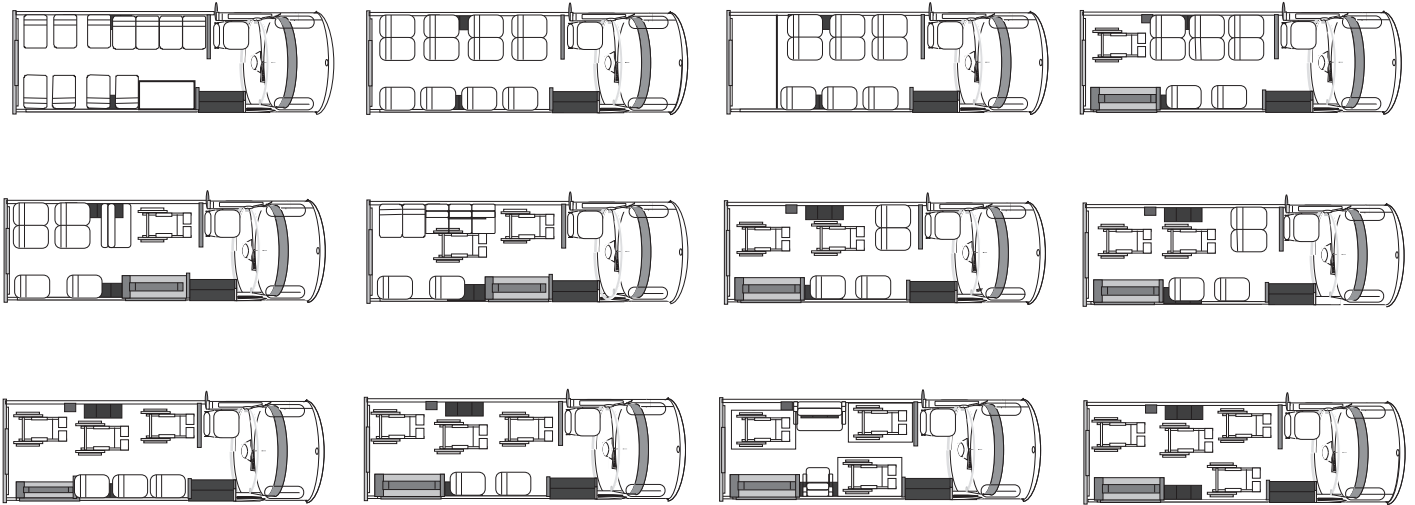

## Engineered like no other small bus

- Galvanized steel passenger roll cage with integrally designed 16ga. crash rail.
- Laminated exterior skins exceed joint strength (FMVSS 221) and roll over (FMVSS 220) requirements without unsightly fastener heads.
- All exterior body skins are fabricated of corrosion resistant materials.
- Expansive driver visibility with our Curb Side Safety View window - 491sq."
- 138" wheelbase - 9,600# GVWR single rear wheel cut-a-way chassis with Hellwig rear suspension system.
- The MetroLite's vertical sidewalls provide increased shoulder and seat room.
- Door and window design allows for improved driver and passenger visibility.
- Altoona Tested 4 years / 100,000 miles
- Ford QVM Certified Body Builder

**Coach & Equipment Mfg. Corp.**   
Manufacturer of Quality Commercial Buses

Coach & Equipment Mfg. Corp. P.O. Box 36, Route 14A Horizon Park, Penn Yan, NY 14527
